

Global Scholarships Programme

DLA Piper's Global Scholarships Programme supports talented law students from developing countries to set and achieve their professional goals. By building the capacity of the local legal profession we are contributing to the rule of law and sustainable development of communities around the world.

Targeting developing countries

Bespoke 2 year programme

Legal education, internships, career development and networking

Students in the top 10% of their class who are studying Law or undertaking a Masters programme in a related field

Mentoring

Advancing the rule of law

Evaluating long term impact

When we designed the Global Scholarships Programme our vision was to be bold, unique and ambitious. As a global firm, we have seen that talent is everywhere, but opportunity is not. That's why our scholarships support future leaders in less developed regions. The strength of the programme is in collaboration - with universities, our people, clients and governments. It is clear now that this programme is changing lives and will strengthen the legal profession and the rule of law where it is needed most.

– Andrew Darwin and Roger Meltzer
